Address : 2953, 1st Floor, 1st Main 2nd Cross Rd, beside JSS school gate, Saraswathipuram, Mysuru, Karnataka 5
Website : <https://attentionkart.ai/>

Profile:

Attentionkart transforms your existing CCTV networks into an intelligent, proactive security system. Our flagship product, the CK-AI Box, delivers blazing-fast Edge AI processing for up to 32 cameras locally—meaning no latency, no internet dependencies, and zero monthly cloud fees. Proudly engineered for Indian conditions, it seamlessly integrates with your current IP cameras. Whether you need instant loitering alerts, vehicle tracking via ANPR, or 24/7 PPE compliance monitoring, Attentionkart gives you real-time, actionable intelligence to secure your assets and operate smarter.

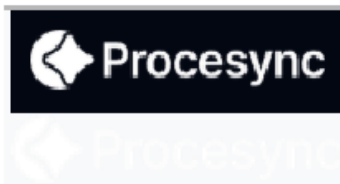

AUEQI TECHNOLOGIES PVT LTD

Sector : Startup
Contact : Mr. Janardhan Reddy N
Designation : Founder and CEO
E-mail : janardhanreddyn96@gmail.com
Address : SRI RAMAKRISHNA NILAYA BANASHANKARI 2ND STAGE,3RD MAIN TUMKUR
Website : www.aueqi.in

Profile:

AUEQI Technologies Pvt. Ltd. is a deep-tech company transforming the construction equipment supply chain through an AI and IoT-powered digital platform. We connect contractors, equipment owners, and suppliers to simplify equipment sourcing, fleet visibility, utilization, and operations. Our platform enables smart equipment discovery, real-time tracking, data-driven insights, and efficient supply chain management, helping reduce downtime, improve asset productivity, lower operating costs, and increase transparency across the construction ecosystem.

AUGUSTINNOVATE PRIVATE LIMITED

Sector : Startup
Contact : Mr. Nitin Jagadish
Designation : Director
E-mail : nitin@augustinnovate.com
Address : tower2 207, Block A, second, Parappana Agrahara Main Road, Kudlu, Opp Sleepwell Gallery, Bengaluru, Bengaluru Urban, Karnataka, 560068
Website : www.procesync.ai

Profile:

Procesync is a cash-flow intelligence platform for enterprise finance, built in Bengaluru by a founder-led team with 25+ years of enterprise sales and SaaS experience. We turn invoices, GRNs, and credit notes — data enterprises already generate but rarely connect — into a real-time picture of what they owe, what they're owed, and which vendors are quietly costing them money. Rather than stopping at document extraction like traditional OCR tools, we normalize cost to a business-meaningful unit and treat credit notes as a signal of vendor behavior, giving CFOs decision-grade intelligence instead of another data dump. We're bootstrapped, profitable-in-spirit, and already live with customers.

AYKAN

Sector : Information Technology
Contact : Mr. Vinod Kumar
Designation : CEO
E-mail : vinod@aykansoft.com
Address : Navinod Technologies LLP (Aykan®) 3rd Floor, ABCO Trade Centre NH-66 Kottara Chowki Mangalore, Karnataka 575006 India

PENSIONBOX (NSRCEL, IIM BANGALORE)

Sector : Fintech
Contact : Mr. Kuldeep Parashar
Designation : Founder & CEO
E-mail : kuldeep@pensionbox.in
Address : Bannerghatta Rd, opp. to Apollo Hospitals, Sundar Ram Shetty Nagar, Bilekahalli, Bengaluru, Karnataka 560076
Website : www.pensionbox.in

Profile:

PensionBox is a PFRDA-regulated pension technology platform built on India's National Pension System (NPS) infrastructure, and it's backed by Zerodha Rainmatter. The company was founded with a simple belief: retirement planning in India has remained needlessly complicated, paperwork-heavy, and inaccessible to most people, despite the NPS being one of the most cost-effective and tax-efficient retirement instruments available. PensionBox set out to change that by building a digital-first layer on top of NPS that makes onboarding, contribution, tracking, and withdrawal seamless for individuals, employers, and financial partners alike.

Profile:

BOHRAI (Bharat Open Innovation Hub for Robotics and AI) is a movement to accelerate India's future in Artificial Intelligence and Robotics. We started with a simple belief: the next great innovations will begin in our universities. Across India, thousands of students, researchers, and faculty members have brilliant ideas, but many never receive the mentorship, infrastructure, industry connections, or funding needed to turn those ideas into reality. BOHRAI exists to change that. Our goal is to bring together everyone who has a role to play in innovation—universities, researchers, industry leaders, startups, investors, government organizations, and technology experts—into one collaborative e

Address : STRIDEAIDE Private limited flat 309, Nandi manomay, 3rd cross, Naidu layout, chikkalasandra, Bangalore south, Bengaluru 560061, karnataka, India
Website : <https://www.strideaide.com/>

Profile:

StrideAide, incubated at IISc Bengaluru, tackles diabetic foot complications through a complete Screen-Treat-Predict system. D-PoC screens patients in under 20 minutes via plantar pressure, neuropathy, and vascular tests, run by a trained non-specialist and provides a AI integrated report. Dynamic Self-Offloading Footwear then protects at-risk feet dynamically self offloading footwear that auto-redistribute pressure, cutting forefoot load by 57%. The Digital Foot Twin, an AI biomechanical model, predicts a patient's foot condition 5-10 years ahead and shows how lifestyle changes alter outcomes. Together, these are backed by StrideGPT- an interactive chatbot and a secure clinical platform.
